

**CAMPBELL ANESTHESIA GROUP, L.L.C.**  
Anesthesia Provider Disclosure

Campbell Anesthesia Group, LLC (“CAG”) provides anesthesia services for Digestive Health Associates. Our mission is to provide our patients with high quality, safe, and efficient anesthesia to enhance your comfort as well as allowing your physician to perform your exam thoroughly and comprehensively.

A Certified Registered Nurse Anesthetist with critical care training provides anesthesia for your procedure(s). Drs. Ramesh and Sun have ownership interests in CAG enabling them to select the most qualified and best suited providers with specific emphasis and experience in performing gastrointestinal procedures.

CAG considers it imperative that you understand your financial obligation for our services. We are in network for Medicare and Texan Plus. CAG is out-of-network for most commercial insurance; however, we may be considered in-network under Multiplan provisions. CAG is continually striving to negotiate acceptable in-network rates with all the major insurance carriers that wish to do so in good faith. We encourage ALL patients who do not have Medicare or Texan Plus to contact the CAG office to verify coverage and financial responsibility. CAG will serve as your advocate in negotiating the lowest out-of-pocket cost to you. In many instances, this amount is far less than would be incurred in a hospital. Our insurance coordinators are eager to discuss all financial aspects with you.

Please call the CAG office at 713-464-1650 to speak to our personnel. If they are busy assisting other patients, please leave a message and your call will be returned in a timely manner.
